

Working together to plan for the future

Performance Measure Framework Workgroup

The Performance Measure Framework Workgroup will provide feedback throughout the performance measure framework project funded by SHRP2. The project’s goal is to prioritize projects in the context of the *Communities in Motion 2040* (CIM 2040) goals and convey impacts of the projects to stakeholders and the public. The workgroup will meet from November 2015 to October 2016 and disband at the completion of the performance measure framework effort.
