Communities in Motion 2040

Comment Period: December 27, 2012 – noon, January 15, 2013

Communities in Motion, the regional long-range transportation plan for Ada and Canyon Counties, is being updated. The revised plan will be completed in 2014 and will plan to the year 2040 (*Communities in Motion 2040*).

COMPASS is requesting your feedback on key issues before planning decisions are made. All comments will be provided to the COMPASS Board of Directors to assist in their decision-making.

Issues that COMPASS is requesting feedback on at this time are:

- Proposed goals for *Communities in Motion 2040*
- Proposed Transportation Investment Areas
- The proposed process for prioritizing transportation projects for *Communities in Motion 2040*
- The proposed "functional classification" of roads for *Communities in Motion 2040*

Find information on all of these topics at www.compassidaho.org/prodserv/cim2040.htm.

Proposed goals for *Communities in Motion 2040*

Do you have any comments on the 18 proposed goals or any of the related objectives or tasks?
(Visit www.compassidaho.org/prodserv/cim2040.htm to find proposed goals and related materials)

Transportation Investment Areas (TIAs)

COMPASS has divided the two-county region into 13 "Transportation Investment Areas" or "TIAs." The TIAs were developed based on common travel patterns and other characteristics and will be used to help identify and describe local needs and regional priorities. (Visit www.compassidaho.org/prodserv/cim2040.htm to view a map of the proposed TIAs)

Please list below any issues, concerns, and other items of importance in any of the TIAs that you are familiar with. Begin by circling which TIA(s) you are referring to. This is just the early stage of requesting input on TIAs. At this point we're asking you to brainstorm issues in your area...we'll request more specific feedback later. We're also gathering information from highway districts, cities, counties, and others on issues and solutions within their jurisdictions.

TIA 1. Northwest Canyon	TIA 2. Willow Creek	TIA 3. North Ada	TIA 4. State Street Corridor
TIA 5. Pleasant Ridge	TIA 6. Karcher Marketplace	TIA 7. East Canyon	TIA 8. Five Mile Creek
TIA 9. Emerald/Chinden	TIA 10. Downtown Boise	TIA 11. Deer Flat	TIA 12. Initial Point
TIA 13. Southeast Ada			

Tell us below about any issues or concerns in the TIA(s) you circled above. Do not limit your comments to transportation related issues; we are particularly interested in other issues that may be affected by transportation or vice versa, such as access to jobs, preservation of farmland, affordable housing, etc. If you circled more than one, please indicate which comments relate to which TIA.

Do you have any additional comments on the proposed TIAs?
