

# MEMORANDUM

**TO:** Matt Stoll, Executive Director  
**FROM:** Toni Tisdale, Principal Planner  
**DATE:** September 15, 2011  
**RE:** **Request for Approval of Administrative Modification #2 for the FY2012-2016 Regional Transportation Improvement Program (TIP)**

## **ACTION REQUESTED:**

Request for approval of Administrative Modification #2 for the FY2012-2016 Regional Transportation Improvement Program (TIP).

## **BACKGROUND:**

On February 22, 2011, ITD received a letter from the Federal Highway Administration providing options for a change in scope in the Three Cities River Crossing project. ITD and ACHD negotiated changes to the scope of the project to provide operational improvements in the study corridor, mostly within ITD's jurisdiction. These changes were made in the FY2012-2016 TIP update; however, further discussions revealed the need for additional funding in FY2012 for development of the project.

## **STATUS:**

The following changes are proposed to the FY2012-2016 Regional Transportation Improvement Program:

Per ITD and ACHD staff on September 15, 2011:

- **Three Cities River Crossing, US-20/26 to SH-55 Corridor Preservation (09189)** – Add FY2012 funds to preliminary engineering and preliminary engineering consulting to cover the new scope of the project. Funds come from construction in FY2013. An amendment is not necessary because the project is funded with discretionary funding.

Details of the changes are provided in Attachment 1.

## **Approval:**

**All changes for Administrative Modification #2, as provided in this memorandum and detailed on Attachment 1, are approved as of September 15, 2011.**

**Matthew J. Stoll, Executive Director  
Community Planning Association**
