

COMPASS BOARD MEETING AGENDA ITEM V-B

Date: August 17, 2009

COMPASS
COMMUNITY PLANNING ASSOCIATION
of Southwest Idaho

Topic: Transportation Improvement Program Amendment

Summary:

Several projects were approved for funding through the American Recovery and Reinvestment Act (Stimulus) in early 2009. During a review, staff noticed some of the Stimulus projects were not amended into the Regional Transportation Improvement Program. This amendment makes the necessary changes for these projects.

Staff Recommendation/Request:

Staff recommends approval of Resolution 10-2009 amending the FY2009-2013 Transportation Improvement Program. The Regional Technical Advisory Committee recommended approval on July 29, 2009.

Implication (policy and/or financial):

Without Board approval, the proposed funding changes will not be authorized.

Highlights:

The following changes are proposed for this amendment:

- Key Number 09818 – I-84, Vista Interchange – the funding source is changed from “Future GARVEE” to “State Stimulus,” project is advanced from FY2010 to FY2009, and the amounts are changed to reflect current estimates. The conformity demonstration is not affected by the advance due to the timing of the road opening to the public.
- Key Number 10489 – 8th Street Sidewalks, Cherry Lane to Camellia Lane, ACHD – the funds are removed from the “STP-E” funding source, as the construction of this project is now funded through the Stimulus program.
- Key Number 10537 – Federal Aid Overlay Arterials and Collectors - FY2010 – Project was originally partially funded through the regular Stimulus funding. Additional funds are added through the Stimulus Governor’s Discretionary funding source.
- Key Number 11584 – 21st Avenue and Franklin Road Intersection, Phase IV, Caldwell – Project was originally partially funded through the regular Stimulus funding. Additional funds are added through the Stimulus Governor’s Discretionary funding source.

Details of these actions are provided on the attachment to the resolution (Attachment 1).
