Start: _____ End: _____

Location Description:

Purpose for Borrowing Equipment:

Conditions:

- Prior to installation I will inform any affected groups about the equipment to minimize concerns about unknown devices. These may include, but are not limited to, police departments, neighborhoods, highway districts, canal companies, maintenance crews, and private property owners.
- I understand counter requests require a minimum 10 business-day notice from the time of installation.
- I understand that if another request is made counters may be moved after four weeks.
- I understand data collected will be available to members and the public when requested.

All conditions must be checked for approval of request
