Project Description: Widen Cloverdale Road from Camas Drive to Trutina Ave from two

lanes to five lanes with curb, gutter, sidewalk, and bicycle lanes in accordance with ACHD's 2016 Capital Improvement Plan. Replace the bridge and update the structure to current standards to include four travel lanes, standard shoulders, and bicycle and pedestrian facilities. The bridge will have a higher clearance over I-84 and be built to accommodate a future fifth lane expansion of the Interstate below. Additional details will be available on ACHD's and ITD's website soon.

Project Description: Reconstruct three intersections on Peckham Road at Travis Road, Allendale Road, and Van Slyke Road between the Cities of Wilder and Greenleaf in Canyon County. Each intersection is substandard for truck turning movements. The reconstruction will provide larger turning radii to eliminate truck off-tracking and reduce edge breakup. The intersection improvements will also allow trucks to maintain their own travel lane while making turns. All construction will adhere to current Association of Canyon County Highway District (ACCHD) standards.
