

Leadership in Practice, Professional

Clair Bowman Senior Transportation Planner, City of Nampa

Clair Bowman has served as the Senior Transportation Planner for the City of Nampa since 2007. His in-depth knowledge, leadership, and collaborative style have helped shape Nampa's transportation system during a time when the city has seen tremendous growth.

Additionally, with over 30 years of transportation planning leadership in the Treasure Valley, including as COMPASS' Executive Director, Mr. Bowman has played a crucial role in the planning and development of the entire region's transportation infrastructure.

He has been instrumental in the development of the Nampa Transportation Master Plan, Airport to Overland Plan, State Highway 45 Realignment Concept, and Nampa Caldwell Boulevard Corridor Plan.

His success lies in his effective leadership skills and ability to establish strong regional partnerships with the Idaho Transportation Department, highway districts, COMPASS, municipalities, irrigation districts, legislators, and businesses.
