

Leadership in Government, Canyon County

City of Nampa Grimes Pathway Project

The Grimes Pathway project in the City of Nampa connects Birch Lane to Sunset Oaks Park and completes the pathway within the park itself. Moreover, it moves the City of Nampa closer to connecting the southern portion of the Grimes Pathway to the existing northern segment east of Franklin Boulevard.

The project supports multiple *Communities in Motion 2040 2.0* goals through:

- ✓ Improving safety and security for all transportation modes and users
- ✓ Improving connectivity
- ✓ Encouraging walk and bike trips
- ✓ Supporting a livable community with a strong sense of place
- ✓ Enhancing public health
- ✓ Protecting the environment
- ✓ Improving quality of life
- ✓ Providing access to open space, natural resources, and trails
