

Leadership in Practice, Volunteer

Wava Kaufman

Wava Kaufman is an avid road and mountain biker and a champion of making roads safe, accessible, and reliable for residents and visitors to the City of Kuna.

Ms. Kaufman represents Kuna on the Ada County Highway District (ACHD) Bicycle Advisory Committee and uses that role to advocate for safer cycling infrastructure in the City of Kuna. However, Ms. Kaufman does more than “advocate”; she not only “talks the talk,” she “walks the walk.”

Kaufman works to provide bike lanes and safe routes to schools in Kuna to help keep students safe while they are running, walking, and biking, and has worked with Mayor Stear and Kuna’s Planning and Zoning Director to address the need to update and add bike path signs throughout the city.

Kaufman also coordinated a 7.5-mile bike ride with ACHD through the city to showcase Kuna’s bike network, including successes and remaining challenges.

Wava Kaufman’s leadership is evident in her tireless efforts to bring accessible transportation solutions to Kuna.
