### Funding Source: Local (Regionally Significant)

To begin preliminary design and National Environmental Policy Act (NEPA) environmental review to replace the Five Mile Road overpass over Interstate 84, widen the bridge from two lanes to four lanes, and widen Five Mile Road from two lanes to five lanes from just north of Overland Road to Franklin Road in the City of Boise. Work includes curb, gutter, sidewalks, and enhanced bike lanes on both sides of the roadway. Only partial funding is currently available for design and environmental work; construction (estimated at $10.2 million for the roadway portion only) is considered “unfunded.” (Federal = $0)
