

Leadership in Practice, Professional

Dyan Bevins, P.E., Ada County Highway District

Capital Projects Supervisor Dyan Bevins supervises seven ACHD project managers, who together manage over 100 active projects at any one time. These projects range in scope from increasing roadway capacity, to maintenance, to community initiatives that encourage walk and bike trips.

In the past year, Dyan's Capital Projects department completed \$500,000 of sidewalk and Americans with Disabilities Act (ADA) improvements, increased Ada County bike lanes to nearly 280 lane miles, and directed the use of over \$2,000,000 in vehicle registration fees to expand the network of safe routes to schools.

The work Dyan does is the embodiment of how best to enhance the transportation system to improve accessibility and connectivity to jobs, schools, and services and to allow the efficient movement of people and goods.
