COMPASS Welcomes Two New Employees

Meridian, ID – The Community Planning Association of Southwest Idaho (COMPASS) is pleased to welcome two new members to its staff: grant writer Matt Carlson and bicycle/pedestrian counter technician Tori Cale.

Mr. Carlson will work with COMPASS member agencies to prepare projects for funding, identify potential funding sources, and write and manage grants. Prior to joining COMPASS, Carlson worked for the Idaho Transportation Department in the Division of Highway Development. He has experience at federal, state, county, and city government agencies and holds a Master of Public Administration with an emphasis in Natural Resource Policy from the Martin School of Political Science at the University of Idaho.

Ms. Cale will manage COMPASS' bicycle/pedestrian counter program. Before coming to COMPASS, Cale worked in the aviation industry for nearly a decade where she served in a variety of administrative rolls.

COMPASS is the forum for regional collaboration in southwest Idaho that helps maintain a healthy and economically vibrant region, offering people choices in how and where they live, work, play, and travel. Among other programs, COMPASS conducts regional transportation planning and budgets federal transportation funding for Ada and Canyon Counties.
