COMPASS is seeking comment on:

- A transportation budget, called the regional transportation improvement program (TIP), that shows how federal transportation dollars will be spent over the next seven years in Ada and Canyon Counties (fiscal years 2024 – 2030).
- Proposed changes to the regional long-range transportation plan, Communities in Motion 2050, to add five new funded projects.
- The air quality conformity demonstration for Northern Ada County. This demonstration is required in areas, such as Northern Ada County, where air quality did not meet federal standards in the past. The demonstration must show that transportation projects comply with state air quality plans.

More information and copies of draft documents can be found online at https://compassidaho.org/ (click on “Public Comment”) or requested by contacting COMPASS at info@compassidaho.org or 208/855-2558.
