FY2020 UNIFIED PLANNING WORK PROGRAM AND BUDGET REVISION 1

INTRODUCTION

The development of the Community Planning Association of Southwest Idaho's (COMPASS) Unified Planning Work Program and Budget includes COMPASS Board involvement and acceptance of the Planning Factors and Program Objectives as identified in this document. COMPASS serves as the metropolitan planning organization for Ada and Canyon Counties in southwest Idaho.

The following steps represent the review process and adoption of this document:

- The Finance Committee, a standing committee of the COMPASS Board, reviews the financial information contained in the Unified Planning Work Program and Budget, and presents a recommendation to the COMPASS Board.
- The Unified Planning Work Program and Budget is then presented to the full COMPASS Board for adoption. With formal adoption, the Unified Planning Work Program and Budget is forwarded to the Idaho Transportation Department, the Federal Highway Administration, and the Federal Transit Administration for approval.

Revision 1 of the FY2020 Unified Planning Work Program consists of four parts:

- Detailed descriptions by Program Number.
- Financial budget documents that address the components by funding sources and expenditures. These documents include: Revenue and Expense Summary, Expenses by Work Program Number and Funding Source, Direct Expense Summary, Indirect Operations and Maintenance Expense Summary, and the Workday Allocation.
- A Transportation Supplement showing funding sources for Valley Regional Transit, the public transportation authority for Ada and Canyon Counties.
- Documentation of other significant transportation planning projects occurring within the COMPASS planning area.

COMPASS BOARD AGENDA ITEM VI-A Date: December 16, 2019

Page2

Topic: Revision 1 of the FY2020 Unified Planning Work Program and Budget

Request/Recommendation:

COMPASS staff seeks COMPASS Board of Directors' adoption of Resolution 03-2020 approving Revision 1 of the FY2020 Unified Planning Work Program and Budget (UPWP).

Background/Summary:

Federal metropolitan planning rules require that COMPASS produce a UPWP, which is periodically amended to accommodate changes in revenues, expenses, staffing, and scope. These amendments are usually accomplished through a Board resolution with subsequent distribution of the approved resolution and documents to the appropriate funding agencies.

The Finance Committee reviewed the proposed amendments at its November 21, 2019, meeting and recommended approval of Revision 1 of the FY2020 UPWP as presented.

The following revisions to revenues are proposed in Revision 1 of the FY2020 UPWP:

- Add \$433,520 of STP-TMA funds from key number 19571, *Communities in Motion 2050*. These are unspent funds that were obligated for expenditure in FY2019. Add \$34,341 of fund balance for matching funds.
- Add \$57,400 of STP-TMA funds from key number 18694, Treasure Valley ITS Plan Update. These are unspent funds that were obligated for expenditure in FY2019. Add \$4,547 of fund balance for matching funds.
- Add \$9,839 of funds from the City of Boise to reimburse COMPASS for costs over the \$24,000 allowance for their participation in the Project Development Program.
- Add \$8,000 from fund balance to pay the City of Eagle for their participation in the CIM Implementation Grant. This project is being carried forward from FY2019.
- Decrease the draw from fund balance by \$14,000 to cover the revenue shortfall.

The following revisions to expenses are proposed in Revision 1 of the FY2020 UPWP:

- Add \$467,861 to program number 661001, Communities in Motion 2050 for various expenses. \$10,000 of this is to pay for costs that were budged in FY2019 but were unspent. The remaining \$457,861 is to pay for costs in future fiscal years.
- Add \$61,947 to program number 842001, Congestion Management Process to complete work on the Treasure Valley ITS Plan Update.
- Add \$9,839 to program number 685002, Project Development Program to pay for the City of Boise's Broadway/Federal Way Pedestrian Improvements.
- Add \$8,000 to program number 685004, CIM Implementation Grants to pay for the City of Eagle's CIM Implementation Project.

Implication (policy and/or financial):

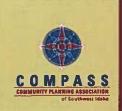

Without COMPASS Board adoption of Revision 1 of the FY2020 UPWP, the agency cannot make full use of available revenues.
