CITY OF STAR
NOTICE OF PUBLIC HEARING

Dear Agency Representative:

You have been identified as an agency having jurisdiction on the following matter, which will come before the Star City Council at a future date.

Application:  Falcon Storage
Files #’s      CU-23-01 Conditional Use Permit

Applicant/Representative:  Chris Todd, Green Mountain Resources & Planning

Owner:  M3 Companies

Action:  The Applicant is seeking approval of a Conditional Use Permit for a storage facility to include traditional private storage options and storage condominiums. The property is located at 8323 W. Moon Valley Road in Star, Idaho.

Property Location:  The subject property is generally located on the south side of W. Moon Valley Road at the southeast corner of Moon Valley Road and S. Herons Flight Lane and adjacent to Hwy 16. Ada County Parcel No’s. S0416110105, S0416121100 & S0416110400.

Information/Comments:  Additional materials are available for review at Star City Hall. Please submit any comments on agency letterhead to Star City Hall, P.O. Box 130, Star, Idaho 83669 or at snickel@staridaho.org within 30 days of the date of this transmittal, or your agency’s response will be documented as “No Comment”. For further information, please call 208-286-7247.

Shawn L. Nickel
Planning Director and Zoning Administrator
CONDITIONAL USE PERMIT APPLICATION

</tbody>
</table>
- Open/common spaces
- Refuse and service areas
- Utilities plan, including the following:
  - Sewer, water, irrigation, and storm drainage (existing & proposed)
  - All on-site lighting proposed – Must Meet City “Dark Sky” Ordinances

**Landscape Plan (If applicable):**

- The following items must be included on the landscape plan:
  - Date, scale, north arrow, and project name
  - Names, addresses, and phone numbers of the developer and the person and/or firm preparing the plan
  - Existing natural features such as canals, creeks, drains, ponds, wetlands, floodplains, high groundwater areas, and rock outcroppings
  - Location, size, and species of all existing trees on site with trunks 4 inches or greater in diameter, measured 6 inches above the ground. Indicate whether the tree will be retained or removed.
  - Existing buildings, structures, planting areas, light poles, power poles, walls, fences, berms, parking and loading areas, vehicular drives, trash areas, sidewalks, pathways, storm water detention areas, signs, street furniture, and other man-made elements
  - Existing and proposed contours for all areas steeper than 20% slope. Berms shall be shown with one-foot contours
  - Sight Triangles as defined in 8-4 A-7 of this Ordinance
  - Location and labels for all proposed plants, including trees, shrubs, and groundcovers (trees must not be planted in City water or sewer easements). Scale shown for plant materials shall reflect approximate mature size
  - Proposed screening structures
  - Design drawings(s) of all fencing proposed
  - Calculations of project components to demonstrate compliance with requirements of this ordinance, including:
    - Number of street trees and lineal feet of street frontage
    - Width of street buffers (exclusive of right-of-way)
    - Width of parking lot perimeter landscape strip
    - Buffer width between different land uses
    - Number of parking stalls and percent of parking area with internal landscaping
    - Total number of trees and tree species mix
    - Mitigation for removal of existing trees, including number of caliper inches being removed

**SIGNS (If applicable):**
All signs will require separate submittal of a sign application.

**FEE REQUIREMENT:**
**I have read and understand the above requirements. I further understand fees will be collected at the time of filing an application, I understand that there may be other fees associated with this application incurred by the City in obtaining reviews or referrals by architect, engineering, or other professionals necessary to enable the City to expedite this application. I understand that I, as the applicant, am responsible for all payments to the City of Star.**

APPLICANT SIGNATURE ______________________   DATE 1/19/23
City of Star Planning  
c/o Shawn Nickel  
10769 West State Street  
Star, Idaho 83669  

November 25 2021  

Subject Property- 8323 Moon Valley Rd. Eagle ID 83616  

Dear Mr. Nickel  

On behalf of Falcon Storage and Wright Brothers we are excited to bring forth an application to the City of Star for Falcon Storage's Future Star Location! Falcon Storage is a successful self storage business with locations in multiple states serving 1000's of customers with a variety of storage options. We are asking the City for approval of a conditional use permit to allow commercial storage within the mixed use zone.  

The site is located at 832 Moon Valley Rd near the SE intersection of State Highway 16 and State Highway 44. The property comprises 3 parcels currently annexed and zoned mixed use within the City of Star. The property has been developed to suit a commercial/light industrial use. Construction improvements will be completed on the south side of Moon Valley Rd/Herons Flight Rd and Nightshade Pl that borders the subject properties. The road improvements will include detached sidewalks and landscaping along the property. The main access road serving the site is Moon Valley Rd. Utilities and services are on site or within reasonable distance including Star Sewer and Water District.  

Per the site plan we have requested approval to have two types of storage: traditional for lease storage options and individually owned storage condos. The two types of facilities will be separated and each will have its own private secured gate entrance. Each facility will have a clubhouse/office near the entrance with parking and turnaround space. The internal entrances and drive aisles will be private, built to fire department specifications. An association will be formed for the owned storage units. This association will collect dues in order to maintain and operate the facility. The traditional storage complex will have a part time manager, secured access and customer parking.  

Each facility will have a variety of spaces one can lease or own. Renderings have been provided to illustrate the design and construction that will be used to have a variety of building facades that blend in with nearby development in a harmonious way. The project will include hardy siding, stucco or panels, along with metal and wood
accents. Other architectural elements will include a mix of natural colors (grey/brown/white), metal awnings on the clubhouse facilities and fencing with integrated landscaping to blend in with the area. The landscaping and signage will match the streetscapes currently installed or approved at the Riverstone subdivision. It is the team’s goal to have a product that has a neighborhood feel by incorporating these different components creating a more appealing storage facility.

Currently and historically there is a high demand for both product types in our area. Falcon Storage currently has a waiting list for their products at other facilities in the Treasure Valley they own. Star currently does not offer storage/warehouse space for sale and current facilities in our area are full. This demand along with product offerings of Falcon Storage will bring a variety of well used and better built product to the Star market. Star is known for citizens with a variety of toys, recreational pursuits and outdoor hobbies. Almost all HOA’s in the area do not allow trailer or vehicle/toy parking on the driveway or the side of the home. During our neighborhood meeting we spoke with multiple neighbors within Riverstone excited to own one of the storage condos within the future site. Falcon Storage will offer the community everything from a small space for household storage on a month-to-month basis to a 24 x 50 RV and hobby garage that is finished and insulated. Each unit is equipped with 14’ electric rollup doors, 18’ ceilings, climate controlled, and separate electric meters with 30 AMP RV circuits. Air station and RV dump station on site. A central clubhouse offers an owner amenity with showers, bathrooms, kitchenette and a sitting/media area.

In conclusion the Falcon Storage project is located near the intersection of two state highways and served by a backage road for easy access. The project will be benefit to the neighboring subdivisions and the Star/Eagle region. The product will be built with high integrity and serve a population that desires warehouse, storage and hobby space. Our team will continue to work with the neighbors and city if approved and look forward to presenting the project at a future date.

Thank you for your time, look forward to presenting and please contact me with any questions.
