

Communities in Motion (CIM) Development Review Checklist

Development Name: Pheasant Heights
 CIM Vision Category: Existing Neighborhood
 Consistent with CIM Vision? YES
 New Households: 158 New Jobs: 0

Safety
 How safe and comfortable is the nearest major road (minor arterial or above) for bicyclists and pedestrians? Analysis is limited to existing roadway conditions.

N/A

Pedestrian level of stress N/A
 Bicycle level of stress N/A

Economic Vitality
 To what extent does the project enable people, government, and businesses to prosper?

Economic Activity Center Access
 Impact on Existing Surrounding Farmland
 Net Fiscal Impact

Convenience
 What services are available within 0.5 miles (green) or 1 mile (yellow) of the project?

Nearest bus stop
 Nearest public school
 Nearest public park

Quality of Life
 Checked boxes indicate that additional information is attached.

Active Transportation
 Automobile Transportation
 Public Transportation
 Roadway Projects

Improves performance

Does not improve or reduce performance

Reduces performance

Comments:

Consider adding traffic calming measures or reducing the length of Fireback Avenue to discourage speeding on local roads. Consider adding a mid-block crossing to enable more direct student access to Middleton High School. The nearest protected crossing is an additional 0.25 miles away at the Emmett Road and 9th Street roundabout.

Who we are: The Community Planning Association of Southwest Idaho (COMPASS) is the metropolitan planning organization for Ada and Canyon Counties. This review evaluates whether land developments are consistent with Communities in Motion, the regional long-range transportation plan for Ada and Canyon Counties. This checklist is not intended to be prescriptive, but rather a guidance document. Past checklists are available online. See the Development Review User Guide for more information on the red, yellow, and green checklist thresholds.

Complete Network Appendix

Checkmarks (✓) below indicate suggested changes to a site plan, based on the [COMPASS Complete Network Policy \(No. 2022-01\)](#). Both the Complete Network Policy and site-specific suggestions are intended to better align land use with identified transportation uses in the corridor. Please see the Complete Network [map](#) for primary and secondary uses for roadways (minor arterial and above) in Ada and Canyon Counties.

Corridor Name:

N/A

Primary Use:

Secondary Use:

Bicycle and Pedestrian Infrastructure

- ✓ Apply traffic calming measures to discourage speeding on local roads
- ✓ Reduce street lengths to discourage speeding on local roads

Fiscal Impact Analysis

Below are the expected revenues and costs to local governments from this project. The purpose of this analysis is to help the public, stakeholders, and the decision-makers better manage growth.

Capital and operating expenditures are determined based on service and infrastructure needs, including persons per household, student generation rates, lot sizes, street frontages, vehicle trip and trip adjustment factors, average trip lengths, construction values, income, discretionary spending, and employment densities.

Net Fiscal Impact by Agency

City

County

Highway District

N/A School District

Breakeven point across all agencies: 1 year

Additional Information:

- Widening Purple Sage Road (Old Hwy 30 to Can Ada Road) is not included as a capital expense in the fiscal impact analysis.
- Widening State Highway 44 (Interstate 84 to Star Road) is not included as a capital expense in the fiscal impact analysis.

Disclaimer: This tool only looks out 20 years and does not include replacement costs for infrastructure, public utilities, or unfunded transportation needs in the project area. More information about the COMPASS Fiscal Impact Tool is available at:

<https://compassidaho.org/fiscal-impact-tool/>

Long-Term Funded and Unfunded Capital Projects

**CIM Priority
Corridor:**

Northeast Canyon County Connectivity Study

The Northeast Canyon County Connectivity Study from Interstate 84 to State Highway 16, north of State Highway 44, is an unfunded study identified in *Communities in Motion 2050*.

More information on transportation needs and projects based on forecasted future growth is available at: <https://cim2050.compassidaho.org/projects-and-priorities/project-priorities/>
