## Communities in Motion 2050 Development Checklist

The Community Planning Association of Southwest Idaho (COMPASS) is the metropolitan planning organization (MPO) for Ada and Canyon Counties. COMPASS has developed this review as a tool for local governments to evaluate whether land developments are consistent with the goals of Communities in Motion 2050 (CIM 2050), the regional long-range transportation plan for Ada and Canyon Counties. This checklist is not intended to be prescriptive, but rather a guidance document based on CIM 2050 goals.

Development Name:	Tierpointe Subdivision	
CIM Vision Category:	Existing Neighborhood	

CIM Corridor: None

New Households: 66

New Jobs: 0

## Safety

Level of Stress measures how safe and comfortable a bicyclist or pedestrian would feel on a corridor and considers multimodal infrastructure number of vehicle lanes and travel speeds.

Pedestrian level of stress

**Bicycle level of stress** 

× ×

These tools evaluate whether the location of the proposal supports economic vitality by growing near existing public services.

Activity Center Access	$\otimes$
Farmland Preservation	
Net Fiscal Impact	N/A
Within CIM Forecast	

Checked boxes indicate that

**Active Transportation** 

**Public Transportation** 

**Roadway Capacity** 

additional information is attached.

**Automobile Transportation** 

## Convenience

Residents who live or work less than 1/2 mile from critical services have more transportation choices, especially for vulnerable populations

Nearest public school

Nearest public park

Improves performance

Does not improve or reduce performance

Quality of Life

Reduces performance

## Comments:

Based on the site plan provided, COMPASS has no comments.
