Comments:

Consider providing an improved pathway along the Groves Branch Lateral as a transportation and recreational option as indicated in the <u>City of Nampa Bicycle and Pedestrian Master Plan</u>. Multiple access points have potential spacing conflicts. Consider realignment. Also note, Ustick Road is an unfunded future express bus route in *Communities in Motion 2050*.

Who we are: The Community Planning Association of Southwest Idaho (COMPASS) is the metropolitan planning organization for Ada and Canyon Counties. This review evaluates whether land developments are consistent with <u>Communities in Motion</u>, the regional long-range transportation plan for Ada and Canyon Counties. This checklist is not intended to be prescriptive, but rather a guidance document. Past checklists are available <u>online</u>. See the <u>Development Review User Guide</u> for more information on the red, yellow, and green checklist thresholds.

Complete Network Appendix

Checkmarks (\checkmark) below indicate suggested changes to a site plan, based on the <u>COMPASS</u> <u>Complete Network Policy (No. 2022-01)</u>. Both the Complete Network Policy and site-specific suggestions are intended to better align land use with identified transportation uses in the corridor. Please see the Complete Network <u>map</u> for primary and secondary uses for roadways (minor arterial and above) in Ada and Canyon Counties.

Corridor Name:	Ustick Road
Primary Use:	N/A
Secondary Use:	Freight, Transit

Bicycle and Pedestrian Infrastructure

✓ Provide an improved pathway along a canal as a transportation and recreational option

Provide sufficient and covered bike parking near destinations

Access Management

 Space access points (driveways or cross streets) to increase the distance between potential conflict points

Fiscal Impact Analysis

Below are the expected revenues and costs to local governments from this project. The purpose of this analysis is to help the public, stakeholders, and the decision-makers better manage growth.

Capital and operating expenditures are determined based on service and infrastructure needs, including persons per household, student generation rates, lot sizes, street frontages, vehicle trip and trip adjustment factors, average trip lengths, construction values, income, discretionary spending, and employment densities.

Net Fiscal Impact by Agency						
City	County					
Iighway District	School District					
Breakeven point across all agencies: 1 year						

Additional Information:

- Widening Ustick Road (Midland Boulevard to Star Road) is not included as a capital expense in the fiscal impact analysis.
- Widening Franklin Boulevard (Birch Lane to US Highway 20/26) is not included as a capital expense in the fiscal impact analysis.
- Widening Cherry Lane (Middleton Road to Black Cat Road) is not included as a capital expense in the fiscal impact analysis.

Disclaimer: This tool only looks out 20 years and does not include replacement costs for infrastructure, public utilities, or unfunded transportation needs in the project area. More information about the COMPASS Fiscal Impact Tool is available at: <u>https://compassidaho.org/fiscal-impact-tool/</u>

Long-Term Funded and Unfunded Capital Projects

CIM Priority Corridor: Ustick Road (Midland Boulevard to Star Road)

Widening Ustick Road (Midland Boulevard to Star Road) to five lanes with curb, gutter, sidewalks, and bike lanes is the number 3 local system priority in *Communities in Motion 2050* and is unfunded.

CIM Priority Corridor: Franklin Boulevard (Birch Lane to Highway 20/26)

Widening Franklin Boulevard (Birch Lane to Highway 20/26) to five lanes is a local system, funded priority in *Communities in Motion 2050*.

More information on transportation needs and projects based on forecasted future growth is available at: <u>https://cim2050.compassidaho.org/projects-and-priorities/project-priorities/</u>
