Project Description: Purchase data from vendor(s) to supplement the COMPASS

Household Travel Survey data (2021) and census data. The data will be used to update the "external" trip (trip to/from the surrounding counties) rates and characteristics in the regional travel demand model, analyze non-motorized travel, and allow for review of trips, travel time, time of day, and mode to and from sub-areas (smaller than cities) in the

region to help refine specific parameters in the regional model.

### Study, Fiscal Impact Analysis, COMPASS

Regionally Significant: COMPASS PM: Federal PM:

Support

Key #: 22395
Requesting Agency: COMPASS

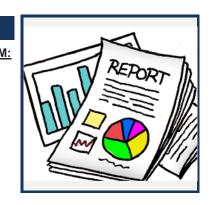

Project Year: 2025

Total Previous Expenditures: \$0
Total Programmed Cost: \$60
Total Cost (Prev. + Prog.): \$60

Project Description: To better implement the goals of Communities in Motion, this project

will provide information on the fiscal impact of various growth patterns. Work will develop a fiscal impact analysis calculator; analyze the public costs and revenues of various land use patterns; build an economic model that can be used in the COMPASS development checklist for highlighting the costs of development; and conducting outreach and training for local decision-makers so that fiscal analysis can be used in

local land use decision-making.
