

# **Leadership in Practice, Professional**

**Jeff Barnes, P.E.**

**Deputy Public Works Director (Transportation), City of Nampa**

With over 20 years of municipal transportation and utility engineering experience, Jeff Barnes is leading the effort to modernize the City of Nampa's transportation infrastructure and policies to promote a safe, livable, and economically vibrant community.

Barnes not only leads the city's transportation planning efforts, but also oversees the Streets Division, Fleets Services, and the Nampa Municipal Airport. Through this leadership role, Barnes focuses on strategically improving the safety and mobility for all residents. With an emphasis on funding solutions and implementation, he works collaboratively with local and regional leadership to launch multiple initiatives that will improve traffic efficiency and safety throughout the City of Nampa and the entire Treasure Valley.
